Matt,

Thank you for this. We're thrilled that Dennis will be able to speak to our group. I'm leaving the office for a couple of hours but will be back in touch with you with details before the day is out.

A draft agenda for the meeting is attached. We would like Dennis to speak about the WOTUS rule, clean air rule and Pebble Mine.

Tom

Mr. Franklin,

Dennis McLerran has asked me to connect with you about the upcoming TRCP retreat, scheduled for June 24 and 25. As I'm sure you're aware, Dennis plans to participate in the retreat on Wednesday, June 25 at 10:00am.

If you would kindly send me any meeting logistics (e.g. room locations, draft agenda, specific issues you would like Dennis to speak about), I would appreciate it.

Best regards,
Matt

Importance: High

Brian,

We have a window from 10 a.m. to noon on the 25th if Dennis McLerran can join us then. I would be happy to discuss this with Mr. McLerran if you provide his contact information. Thanks! We appreciate all of your efforts to arrange for an EPA speaker for the Policy Council retreat.

Sincerely,

Tom

Brian:

To be able to do this in one day it would be best to shoot for an early afternoon time.

Sir - June 25th works for the TRCP policy committee - are there windows of the day that work best for you. This meeting would be closed press and include policy folks from TU, DU, Isaac Walton, TRCP, ASA and about 10 other national conservation groups. Thanks for your consideration on this. Brian

Brian:

The 25th would be much better. Let me know if that works for them.

Thanks for the message of concern about our colleague. It was a shock to all of us to lose Charlie.

Brian:

I would certainly do this if Bob and the group would look at me as the appropriate substitute. However, there are two meetings scheduled that day for me that are quite important and one of them cannot be rescheduled, so we should take that into account in any decision on this. One is a meeting of Governor Inslee's Carbon Reduction Task Force and I am the sole federal representative and they will not accept substitutes for the meeting. I also have a meeting with

Washington State's Agriculture Director that has taken months to get scheduled. We could reschedule the Ag Director meeting but the Governor will go forward with his meeting without me. Let's discuss further.

Morning Dennis and Bill

Wanted to run something by you – TRCP policy committee is made up of all the Conservation groups (there would be about 20 of the policy leads for key groups on hand) – Bob has met with them in the past, as has Arvin – as we are revving up on WOTUS this group is important nationally -- I have been trying to make this work for Bob P's schedule but it is a lot for just an hour and half meeting – he would come from DC to Portland spend the night (drive the hour to the lodge for an hour meeting) and then make an 11am flight to Denver. This is a good group to push hard on WOTUS and climate – Dennis is this something you would consider doing if it worked for them?

Subject: Fwd: Invitation to TRCP Policy Council

Brian,

We greatly appreciate Bob accepting our invitation to speak during the TRCP Policy Council retreat on the morning of June 24 at the Timberline Lodge (<http://www.timberlinelodge.com/>) located at the foot of Mt. Hood, Oregon.

This event will bring together the policy brain trust of the hunting and fishing community for in-depth strategic discussions of pressing conservation policy issues. We would be honored if Bob would speak to the group about the draft Waters of the US and Clean Air rules. Please let me know when he will arrive and depart from Timberline Lodge so we can help facilitate his attendance.

Sincerely,

Tom
